Chairman's Desk

The fast-changing world of tomorrow will be an exciting and a challenging place to live, where only the people who adopt themselves to the situation, keep pace with upcoming technologies and have the ability to align their ideas, thoughts and ways of working to changing situations will survive. Keeping this in mind, I foresee SDITS to undergo transition from versatility to super specialty. At SDITS, we provide the students an atmosphere which encourages them to become life-long learners and to work in a multi-cultural, ever-changing society. The students holistic development has given me the confidence that the ethos and work culture.

The prime objective of the SDITS is not only to impart relevant knowledge and skills, but also to make our students proficient in effective communication, aware of ethical standards, and appreciative of universal and human values. We want our students to develop into the leaders of tomorrow, to infuse the world with the energy of their ideas and innovations, and to advance the frontiers of knowledge in ways that translate into tangible benefits for the community and country.

For any Vocational Education Provider, the excellence lies in the transitional abilities of its faculty and its facility, ethos and infrastructure. I am always aware of the efforts that our academic board puts in to develop the team of subject matter experts at GHIT. Our team understand the core vision of empowering our future generations to be ethically, morally and intellectually elite. They practice the art of teaching with a student-centered and transformational ap-
